MARJAN BAKHTIARIKISH

Following my passion for Classical drawing and painting, I studied for four years in Florence, Italy. I also received a scholarship to study at the Russian Academy of Art, Florence, where I studied advanced drawing and painting with various academic masters. I have a particular interest in *portrait/narrative painting.*

My portrait "Hope", won the major 2D Awards in Du Rietz Art Awards 2020, QLD and I became a finalist in the major Jacaranda Acquisitive Drawing Award 2020, NSW.
